

Willie Nelson's Recipe for Green Goodness: Introducing His Cannabis Cookbook

Willie Nelson has unveiled an exciting new project: a cannabis-infused cookbook crafted in collaboration with his wife and a celebrity chef. Titled *Willie and Annie Nelson's Cannabis Cookbook: Mouthwatering Recipes and the High-Flying Stories Behind Them*, this 256-page hardcover promises to be a flavorful journey into the world of cannabis cuisine. Set for release on Nov. 12 via Gallery Books, the cookbook features instructions on preparing weed-based ingredients like butter, syrups, sugars, and salts.

A Message from Willie

In a statement, Nelson shared his enthusiasm for the project, expressing his belief in the positive properties of cannabis beyond mere pleasure. He sees it as both a blessing and a blast, describing it as good fuel. Collaborating with Andrea Drummer, a celebrated cannabis chef, and his wife Annie, hailed as the most celebrated chef in their home, Nelson aims to bring wholesome cannabis-infused meals to kitchens everywhere.

Tales from the Road and Home

Willie and Annie Nelson's Cannabis Cookbook draws inspiration from the Nelsons' favorite meals enjoyed during nationwide tours, at their ranch, at home, and in their favorite cities along the way. Each recipe comes with a story, offering readers a delightful combination of culinary delights and high-flying tales. From buffalo wings to chocolate cake to fried chicken, the cookbook promises to deliver only the finest fare, enhanced with cannabis goodness.

Willie's Weed Woes

With a long history of being arrested for possession of marijuana, including some memorable encounters with the law, Willie Nelson is no stranger to the legal complexities surrounding cannabis. Despite his encounters with law enforcement, Nelson maintains his laid-back attitude toward cannabis, famously stating in 2014 that getting busted for weed doesn't bother him anymore. His resilience and unwavering support for cannabis legalization underscore his commitment to the cause.

Willie and Annie Nelson's Cannabis Cookbook is now available for pre-order, offering readers the opportunity to embark on a culinary adventure with one of music's most iconic figures. Whether you're a seasoned chef or a novice in the kitchen, this cookbook promises to elevate your cooking experience with a touch of cannabis magic.
